

BERNSTORFF IS GOING TO CAPITOL

By Telegram to The Freeman.
Washington, Aug. 26.—Secretary of State Lansing will confer with Count Von Bernstorff, the German ambassador, today or tomorrow. It was hoped that at the conference the exact position of the German government on the sinking of the Arabic would be outlined. The German ambassador, it was stated, was invited to come to Washington by Secretary Lansing, who was very anxious to find out just how much weight should be placed on the assurances conveyed by Germany in connection with her request that judgment be suspended pending presentation of the German side of the sinking of the Arabic. At the German embassy it was stated early today that the exact time for the conference had not yet been settled, but that it would probably be today. Secretary Lansing declined to discuss the matter in advance.

Announcement that Germany has ordered her submarine commanders to apply the international law of stoppage, visitation and search to all passenger carrying liners soon may be made as a result of this conference. Officials here professed to believe today that this was the only interpretation that could be placed on Chancellor Von Bethmann-Hollweg's statement, cabled from Berlin that if a submarine commander "exceeded his instructions" in sinking the Arabic, full satisfaction would be given the United States. In all of the negotiations with the United States to date, Germany has defended the sinking of enemy vessels without warning. That seems to have been the case in the Arabic disaster, and the admission that instructions have been given are construed here to mean that the grudging plan of campaign has been modified.

Practically every official in the administration believed today that the Arabic crisis had passed. Probably the only exception is Secretary of State Lansing. It is understood that he refused to express an opinion to the president whether the moves so far made by Germany are to be construed as a step toward complete disavowal and an effort to reach a complete understanding with the United States or whether it is a "play for time" to permit public sentiment in the United States to cool off, thereby eliminating danger of a break without making any material concessions. It is because he is doubtful that he summoned Count Von Bernstorff for a conference.

Yaller Kicked His Wife.
Frank Mains, better known as "Yaller," was arrested again on Wednesday afternoon for the same old offense by Policeman Charles J. Murphy. It seems that "Yaller" got drunk again and that afternoon went home and abused his wife by kicking her. This morning "Yaller" was arraigned before Recorder Lang who when he learned the facts, made "Yaller" pay his wife \$5 as a slight recompense for the kicks he had administered. As "Yaller" is working on the brickyard and promised to return to work after paying his wife the five spot he was sentenced to three months at 1818 Wall street and was suspended.

Wonderful Pitching Feat.
By Telegram to The Freeman.
Charleston, W. Va., Aug. 26.—Lawrence Henderson performed a marvelous pitching act here yesterday, when he shut out Iron Horse out in the first game of a double header and kept them scoreless in the second game. In the opener three Iron players reached first base, 2 on bases on balls and the other on an error. Five hits were made off Henderson in the second game. Dan Herding who pitched against Charleston, also twirled both games, allowing three hits in the opener and five in the second game.

Welsh Situation Quieter.
By Telegram to The Freeman.
Cardiff, Aug. 26.—The situation in the Welsh coal fields was less menacing today, and many of the miners in the Cardiff district who had gone on strike had returned to work. However, a final adjustment of the trouble is not yet in sight. Representatives of the miners, at a mass meeting, protested against the board of trade terms of settlement as announced by Walter Runciman. Another meeting of the miners will be held on Saturday when definite action will be taken.

Bicycle Record Broken.
By Telegram to The Freeman.
Newark, N. J., Aug. 26.—After standing for eight years the half mile bicycle record was shattered last night by Alf Grenda, the Australian, who covered the distance in 14.3 seconds, a fifth of a second faster than the mark of Jack C. Clark. In the semi-finals for the world's championship Grenda, Frank Kramer, American champion, and Iver Lawton all qualified. The final will be held on Sunday. Alf Goulet, the favorite, was eliminated in his heat by Grenda.

Germany Mobilizes More Troops.
By Telegram to The Freeman.
Amsterdam, Aug. 26.—As a result of the serious situation facing the Teutonic allies in the Balkans, Germany is preparing to mobilize more troops. Advices from Constantinople have been notified to be ready to respond to a call to the troops.

EL PASO UNDER MARTIAL LAW

By Telegram to The Freeman.
El Paso, Aug. 26.—This city is practically under martial law today after a night of anxiety due to fears of a Mexican uprising. American soldiers are stationed in various sections of the city, particularly in the Mexican quarter, and also are on guard at the international bridge.

Many Mexicans were arrested last night and early today after reports, apparently reliable, had reached the authorities that Huerta, Orozco and Carranza adherents were planning to capture El Paso and loot the city. General Pershing, commander of the Eighth brigade, ordered out two regiments of infantry. Deputy sheriffs and deputy United States marshals were also sent to the sections of the city where trouble was feared. About midnight several shots were heard in the Mexican section, but it was learned later that these were fired by officers to halt Mexicans who attempted to escape when orders to stop and submit to search were made.

Heavy guards were placed about General Huerta's quarters at Fort Bliss and every Mexican found in that vicinity was arrested and held for investigation. There was considerable excitement at the international bridge when American soldiers turned back several hundred Mexicans who sought to cross the Rio Grande from Juarez during the night.

KOPSCH HAD PLANS OF FORT MONROE

By Telegram to The Freeman.
Washington, Aug. 26.—Searching investigation is being made today into the connections of Gustave Kopsch, a young German instrument maker, who is in jail here in default of \$5,000 bail, charged with making pictures of United States military defenses.

Department of Justice agents took from him pictures and drawings of Fort Monroe and its guns and of the military reservation camp, where extensive fortifications are being constructed to defend the entrance to Chesapeake Bay. Kopsch admitted making the pictures, but said he was given permission to do so by a drunken sentinel. He refused to say what he intended to do with them and this is what A. Bruce Bielaski and his detectives of the department of justice are trying to find out.

Kopsch, who is employed by the Carnegie institution here, returned last Friday from a vacation of twenty days. For the last ten days of that time he has been shadowed constantly by special agents because suspicions had been aroused by his constant carrying of a very valuable camera and spending most of his time about the military reservation at the Virginia capes asking numerous questions about methods in use there. Many of the photographs show new gun mountings, which were not supposed to be known outside army circles. He also had a number of pictures of West Point and vicinity.

Officials declare that he is a German reservist who tried to get home to fight when the war broke out but could not. Officials say that first blow by a hostile nation would be struck at Capes Charles and Henry, and because of this they see much significance in Kopsch's arrest. He will be taken to Norfolk for trial by the United States court.

Edison's Eyes All Right.
By Telegram to The Freeman.
Orange, N. J., Aug. 26.—Thomas A. Edison, the inventor, was at work in his laboratory at Silver Lake today suffering from a cold that came near destroying his sight yesterday. His right eye was badly inflamed, but it was said there was no danger of the sight of the eye being affected. An assistant upset a quantity of liquid potassium and it sprinkled the face of the inventor.

Literacy Test Repudiated.
By Telegram to The Freeman.
Albany, Aug. 26.—The constitutional convention today repudiated the report of the committee of the whole which voted yesterday to advance to the order of final passage the proposed amendment of Charles H. Young of Westchester, which provided for a literacy test of all voters after 1918. The vote which upsets the action of the committee of the whole was: Ayes, 67; noes, 77.

Cleveland Team Disbands.
By Telegram to The Freeman.
Cleveland, Ohio, Aug. 26.—The Cleveland American Association team has played its last game in Cleveland. President Charles W. Somers announced today that he had completed arrangements for the transfer of all the remaining home games to other towns in the circuit. It is known where the club will be located next season.

AMERICANS FLEE FROM GERMANY

By Telegram to The Freeman.
Rotterdam, Aug. 26.—Scores of Americans are hastening from Germany in the belief that the severing of relations between the United States and the Berlin government cannot be averted. Many of those arriving here are commercial agents who have been instructed by the concerns they represent to return to England immediately.

They state that while calm prevails in Berlin, the general impression among Americans there is that Ambassador Gerard and his attaches have made preparations to leave at a moment's notice. Similar preparations are said to have been made by Ambassador Penfield at Vienna.

The Americans who arrived here today said that no discourtesy to citizens of the United States had been recently shown in Berlin. The action of the government, in curbing comment on the sinking of the Arabic and also forbidding the newspapers to print pessimistic dispatches sent by correspondents at Washington is regarded as an earnest effort to prevent any display of ill-feeling toward Americans.

BERNSTORFF CALLS ON LANSING

By Telegram to The Freeman.
Washington, Aug. 26.—Count Von Bernstorff, German ambassador to the United States, reached the state department at 10:25 today for a conference with Secretary Lansing on the Arabic situation. The ambassador was plainly in an optimistic mood. He smiled greeting to a number of acquaintances as he was ushered into the diplomatic ante-room.

Just before leaving the embassy, the German ambassador expressed confidence that at the conference with the secretary of state he would be able to reassure the United States government that the intentions of Germany were entirely pacific. The ambassador himself refused to comment on the situation but other attaches of the embassy expressed the belief that the entire situation growing out of Germany's submarine war and the criticism of the United States would be adjusted. Today's conference, he intimated, was the beginning of a series of personal "get-together" meetings from which Germany would endeavor to get a clear view of the American attitude, and also show the United States that she is desirous of carrying on her war with the least possible harm to neutrals.

Secretary Lansing stated after Count Von Bernstorff left that there was nothing he could make public at this time. He said the German ambassador would remain in the city within call and would not go back to Cedarhurst at this time. This was taken to mean here that the German explanation of the Arabic's sinking is on the way.

Ambassador Von Bernstorff has not asked for an audience with President Wilson so far as he knows, Secretary Lansing said. The secretary also declared that he had received no information concerning orders that Germany may have issued to its submarine commanders concerning their method of attack. Asked if he had received reports that Americans were fleeing from Germany and Austria to Switzerland, the secretary said he had not. He indicated by his manner that he did not believe there was any need of them doing so at this time.

From German sources here today it was learned that Count Von Bernstorff regards it as certain that Germany has instructed its submarine commanders to observe all international rules of warfare in the future. A note saying that this has been done is believed to be on the way to Washington now.

Arabic Carried No Specie.
By Telegram to The Freeman.
Liverpool, Aug. 26.—Another blow at any possible defence the Germans may attempt to make for the sinking of the White Star liner Arabic was administered today. The White Star line issued an official statement denying that the liner carried any specie. Articles in German newspapers had stated that the liner was carrying a big consignment of gold for J. P. Morgan & Company, to be used for purchase of war supplies for war supplies for the allies.

Russians Use Japanese Arms.
By Telegram to The Freeman.
Lausanne, Aug. 26.—Dispatches to Vienna newspapers from the eastern front state that the Russians are now employing many Japanese guns and great quantities of Japanese ammunition against the Teutonic allies. A considerable number of guns captured recently by the Austro-German forces were of Japanese manufacture.

Where is W. R. Sheffield?
Sheriff Shultis has received a letter from Sibley Jones, secretary of the school board of Tichnor, Arkansas, asking for information regarding William R. Sheffield or his relatives. Sheffield owns property at Tichnor and the school board wants to buy a part of it on which they want to erect a school house. Nothing is known of Sheffield here.

MRS. NORINE CLARK

GAY WIFE GLAD "TRIAL SEPARATION" IS ENDED.

Mrs. Norine Clark.
Redondo, Cal., Aug. 26.—One of the most novel experiments yet attempted as a cure for domestic troubles is the "trial separation" of a couple, which has just been brought to a happy conclusion here. When Mrs. Norine Clark was first married her thoughts were less in sympathy with her hard working, ambitious and home-loving husband than they were with the life of social frivolity. They drifted apart but instead of a quick divorce decided upon a trial separation for six months. She came here and under her maiden name plunged into the social gaieties of the place. No one suspected that she was married. Half a dozen fashionable beaux attended her every wish and she became the belle of the beach colony. But social life seemed to pall on her. A few days ago the six months were up and then Merchant Clark communicated with her. She did not answer but took the first train for Cleveland. She told her secret, however, to an intimate friend here. "Never again," she said, "will I leave him."

MILLER'S BODY FOUND NEAR MOMBACCUS MAY DISAVOW ARABIC SINKING

The body of David Miller, the summer boarder, who was drowned on Sunday afternoon in the Millbrook Creek at Mombaccus between Kerhonkson and Accord was found on Wednesday afternoon. Coroner E. A. Kelly issued a death certificate and the remains were taken in charge by Undertaker Doyle of Kerhonkson. The death of Miller was the only one that occurred during the severe storm on Sunday that caused a cloud burst at Ellenville and did considerable damage between that village and Kingston. Miller was out driving and attempted to cross the bridge spanning the creek when the flood water swept the rig in which he was riding into the raging torrent. The horse and wagon was found late that day but Miller's body had been swept away. It was found near Kerhonkson. The horse had also been drowned in the high water as the wagon wrecked.

VILLA'S FORCES MEET DEFEAT

By Telegram to The Freeman.
Washington, Aug. 26.—Villa's forces have suffered a crushing defeat in the fighting around Monterey, according to official advices reaching the state department today from Piedras Negras. General Rosendo Hernandez, Villa commander, withdrew from a suburb of Monterey where he had been attacking Carranzistas after he had been wounded. He lost part of his staff, it was stated. Villa is expected to rush reinforcements from Torreon.

General Villa himself led the force that captured Durango from Carranzistas forces August 25, according to state department advices. The city is now reported quiet.

British Steamer Sunk.
By Telegram to The Freeman.
London, Aug. 26.—The British steamship Windsor, 6,955 tons, has been sunk by a German submarine. Her crew was rescued by the Norwegian steamer Haytor and later transferred to the New Zealand liner Remora. The Windsor hailed from London.

TURKS ATTACK U. S. EMBASSY

By Telegram to The Freeman.
Athens, Aug. 26.—Dispatches received from Salonika today state that Constantinople advices report that the Turkish mobs have attacked the American embassy at the Ottoman capital three times in attempts to capture Italians who took refuge there during the outbreaks that followed Italy's declaration of war. "Several members of the mobs were killed by troops sent to the embassy at the request of Ambassador Morgenthau," said one dispatch. "The soldiers are still on duty. The American ambassador has declared his intention of protecting the Italians while they seek protection under the Star and Stripes."

62 AEROPLANES RAID GERMANY

By Telegram to The Freeman.
Paris, Aug. 26.—The greatest air raid since the war began was reported today by the French war office.

Dillingen, in Rhinish Prussia, was attacked by 62 war aeroplanes of the French.

One hundred and fifty bombs were dropped upon the town.

Great damage was done to the blast furnaces and arms factories. Dillingen is 28 miles south of Treves, and since the war broke out has been an important manufacturing center in western Germany for war supplies.

The great furnaces and mills at Dillingen at the outbreak of the war were all turned into arms and munitions factories.

The text of the official communique follows:

"In Artois around Neuville St. Vaast and Souchez there has been a severe cannonade and combats with hand grenades."

"In the region of Roye artillery duelling continues."

"In the vicinity of Fille Morte in the Argonne there has been a violent encounter with hand grenades."

"Nothing of importance has occurred on the balance of the front."

"On August 24 one of our aviators bombed the railway station at Offenbourg, in the grand duchy of Baden, Germany."

"On the following day a fleet of four separate squadrons of aeroplanes—62 in all—flew over Dillingen, where are located factories for the manufacture of shells and armor-plate."

"More than 150 shells of large calibre were dropped by the French aviators with unerring precision."

EXPECT EARLY FALL OF BREST LITOVSK

By Telegram to The Freeman.
Berlin, Aug. 26.—The fall of Brest Litovsk, Grodno and Bielestok is believed to be a matter of only a few days, according to dispatches from the front. As the Austro-German lines are drawn closer and closer around the fortress the Russians continue to retire into the stronghold, and its capture by the Teutonic forces is expected to give the German allies the biggest army of captives taken at any one time since the war began.

Heavy shell fire is being directed against the forts defending Brest Litovsk on the west, south and southeast. Austro-Hungarian and German cavalry are driving furiously across the Pripiet river region, south-east of Brest Litovsk, pressing back the Russians and narrowing the gap in the iron circle to the east of the fortress.

Gen. Von Eichhorn's victorious eastward advance toward Vilna from Kovno is expected to cause the Russians to evacuate Grodno and it is reported that the Grand Duke Nicholas' arm is already withdrawing from Bielestok to prevent its capture.

However a strong rear-guard has been left behind as was the case in every instance in the campaign where the Russians voluntarily gave up a fortress to the Germans.

Along the middle Nieman the Russians are falling back precipitately. It is officially announced, while the Germans are pressing forward vigorously.

Between Kovno and Riga there have been severe storms which turned the roads to deep mud, hindering movement of troops, especially artillery. With the opening of the Vistula for German navigation, following the fall of Novo Georgievsk, a great fleet of supply transports had been put in commission, and these are bringing up practically all the supplies for the Germans. This is providing of immense value as it saves horses and motor trucks.

REPORT SINKING OF GERMAN CRUISER

By Telegram to The Freeman.
London, Aug. 26.—Official confirmation was lacking today of press reports sent from Paris that the German cruiser Augsburg had been sunk by a Russian submarine in the Baltic Sea north of Danzig on Monday but several London papers nevertheless accepted the report as true.

The Augsburg was a protected cruiser of 4,280 tons built at Teutlin and placed in commission in 1909. The warship carried a crew of 379 men, but nothing is said of its fate in the Paris advices.

GERMANY MODIFIES SUBMARINE PLAN

United States insists on Disavowal of Act From Germany. Apologies For Act, Reparation For Slain and Punishment of Submarine Commander.

By Telegram to The Freeman.

Washington, Aug. 26.—Germany has modified her plan of submarine warfare. Count Von Bernstorff, her ambassador, so told Secretary of State Lansing today. He also told the secretary that his telegram, sent from New York by direction of his government, in which Germany asked the United States to suspend judgment and action on the case of the steamer Arabic was due to his knowledge of that fact. If the original plans of indiscriminately sinking all enemy vessels had not been changed, he said, his government could not have directed him to take the action that it did. Instead it undoubtedly would have "deeply regretted" the loss of American lives, but would have pointed out that Americans had been fully warned not to travel on enemy ships.

Count Von Bernstorff was with Secretary Lansing for thirty-five minutes. He told the secretary that he as yet had received no supplemental instructions from his government dealing with the Arabic case but that he looked for them at any time. Mr. Lansing explained that while the United States had withheld any action at Germany's request, it could not maintain that position indefinitely. He suggested that inasmuch as a week already has passed since the Arabic was sunk, this government felt that it should receive the German side of the matter not later than the end of this week. And it is understood that Secretary Lansing agreed to expedite any exchanges between the German government and its ambassador here.

Unless it shall be proven that a German submarine had no hand in the sinking of the Arabic—and Secretary Lansing made it plain that what seems overwhelming proof is at his disposal indicating that it had—the United States must have an adequate disavowal from Germany, reparation for the families of the victims and punishment for the submarine commander, otherwise it must carry through its program of reprisal, the ambassador was frankly informed. It was made plain to the German envoy that the administration had fully decided on its program and that it will carry it out to the last extremity. The ambassador is understood to have stated that he still was unconvinced that a submarine torpedoed the Arabic. He based this opinion on the brief fragmentary messages he had received from his government, but promised that his point will be conclusively cleared up by Germany as quickly as possible.

On leaving the state department the ambassador said that he intended to remain in this city until he received the full official advices from his government for presentation to the state department. It was explained that he had not asked for an interview with President Wilson as he believed that he and Secretary Lansing will be able to reach a common understanding.

The ambassador, it is understood, told a fellow diplomat that if new reports from Berlin quoting the imperial chancellor as indicating a willingness to placate the United States were accurate—and he believes they are—he will probably convey Germany's apologies to the United States for the Arabic sinking, if Germany finally assumes the blame, within the next few days.

Baxter Discharged.
Shirley Baxter, a negro, was arrested by the New York board of water supply police Wednesday afternoon for stabbing Joe Picculi, an Italian, who asked him to pay for a bag of peanuts. The negro's knife first struck the Italian's shoulder and breast and upper part of his abdomen. The Italian endeavored to protect himself and the knife almost severed his finger. Baxter was arrested Wednesday evening by a Justice of the Peace on a charge of assault in the third degree and demanded an immediate trial, at the conclusion of which he was discharged by Justice Charlton. Baxter was represented by City Judge William D. Brinnier, Jr.

MENKE'S DAILY SPORTING LETTER

(By Frank G. Menke.)

New York, Aug. 26.—Leachie Cross, the lightweight, and Sammy Wallach, his brother-manager had a narrow escape from death by shock.

Somebody announced a few weeks ago that Leachie had retired from the prize ring and in future would devote all his time to the molar jacking business. When Leachie and Brother Sam got the papers and read what the papers said the shock was so terrific that for a time it was feared neither would recover.

At last, however, Brother Sam, the manager of Leachie, revived sufficiently to waddle to a telephone and frantically inform all sporting editors that the announcement of Leachie's retirement was a bald faced lie—a dastardly plot—the work of a thief in the night—a crime without parallel in history.

"It's awful—perfectly awful," he spoke Sammie. "To think of it—Leachie to quit the ring! Leachie with many years of fighting still in his system!"

"Who circulated the report?" Sammie was asked.

"Who did? How should I know? All I know is that whoever did it did it with malicious intent and malice aforethought. It was done so the light club managers no longer would offer fights for Leachie and thusly deprive Leachie from making lots more money in the prize ring. That's why it was done—and it was a dastardly plot!"

Whereupon, Sammie hung up the telephone receiver, disconnected and then got himself connected with a few fight clubs and promptly matched up Leachie for several bouts at guarantees sizeable enough to bank quite a lot and still leave enough to pay his energetic brother-manager his "bit."

Ring Warriors Must Be Born?

One of our fellow scribes announces that prize fighters cannot be made—that they must be born. And then he points out Al Reich and Joe Hivers as examples that back up his argument.

Reich is a heavyweight. He has the physique, stamina, the punch and a fair defense. But he hasn't the fighting heart. He can't take punishment, and keep on coming for more.

Rivers against men who are his inferiors shows up like a world beater. But against good men—men who can maul him and beat him—he is an entirely different person. He takes the heart and the spirit out of him.

But Nelson looks up as the real type of a born fighter. But never fought a real fight during which he didn't take enough punishment to send an ordinary fighter to the hospital. But the beatings never discouraged him. He kept on coming, boring in, taking punches wherever they landed.

And Bat, never a skilled boxer, never a real puncher, became the lightweight champion of the world—because he had the fighting heart.

An Old Sharkey Story.

Somewhere in the long ago we read one of the many stories that had to do with miserliness of Tom Sharkey, the "war horse" of the ring in the less recent days of pugilism. It was revived the other day, although the receiver made a local citizen the hero—or villain—of the yarn.

The original yarn ran this way: Sharkey and a friend were walking along Fourteenth street in New York one night when a human derelict blocked their path.

"Say, bo!" he said to Sharkey. "I'm down and out. Will you give me ten cents for a beer?"

"Let's see the beer," asked the cautious Sharkey.

Heat Thins Fight Crowds.

The weather has been so torrid in New York during the last month that the fight clubs who have been running indoor shows have been, for the most part, operating at a loss.

The fans won't turn out in numbers, nor will they pay any fancy prices to sit in a stifling room to watch youths swap punches and some of the clubs have decided that hereafter they will close their doors about the first of June and keep them closed until after Labor Day.

OUR DAILY PATTERN.

1315.—A Popular Simple Design.—Girls' Middy Blouse With Skirt Attached to a Separate Waist.

Embroidered and plain voile are here combined. This model is good for all wash materials. It may be made with the fullness of the blouse united in, or in loose style. The sleeve may be finished in wrist or elbow length. The skirt has plaited fullness in front and is attached to an underwaist that may be of lawn or lining. Gingham, chambray, lawn, voile, linen, organdie, crepe, seersucker or batiste, are all nice for this model. The pattern is cut in 4 sizes: 6, 8, 10 and 12 years. It will require 3 yards of 44 inch material for a 10 year size.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state the size wanted.

Catalogue Notice.

Send 10 cents in silver or stamps for our up-to-date 1915-16 large Fall and Winter Catalogue, containing over 400 designs of Ladies' Misses' and Children's Patterns, as well as the latest Embroidery Designs, also a concise and comprehensive article on dressmaking, giving valuable hints to the home dressmaker.

Chintondale Grange at State Fair.

FEDS OFFER TY COBB \$100,000 BAIT.

Tyrus Raymond Cobb, the "Georgia Peach," has been offered \$100,000 to sign a three year contract with the Federal League to play with the club which the new organization will place in New York city next year. Of this amount \$50,000 will be paid as soon as he signs the contract and the balance will be spread over the three years.

Cobb's contract with the Detroit Tigers has three more years to run and it is understood to be one of the "iron clad" variety, but it is reported that Cobb is considering the matter of jumping seriously. Cobb's salary with the Detroit club is said to be \$17,500 a year.

Picture shows Cobb going after a "high one."

TILLSON.

Tillson, Aug. 26.—Don't forget the date of the clambake, Friday, August 27.

Fire was discovered in the house of A. Kreisig Tuesday evening at about 7 o'clock. The house would have burned to the ground had it not been for the timely arrival of the neighbors who quickly put it out. The fire was confined to the kitchen and the furniture was ruined. He recently purchased the property of J. E. Hardenbure.

Miss Vivian Harms was given a friend Miss Minerva Paris, at Wal-surprise last Friday evening by the den. Miss Paris accompanied her

PRINCE ALBERT
the national joy smoke

PAINT this little picture on your mind. Then beat it quick-cross-lots for some Prince Albert tobacco, because you need it in your smokings!

Talk about putting the hush on that tobacco hankering! Prince Albert just purrs pleasure on your tongue as you draw in the cool smoke from a jimmy pipe or makin's cigarette! The patented process fixes that and muffles the bite and parch!

So you cast past smoking memories into the discard and draw cards via Prince Albert, for you'll trump tricks on every show down when you fire up this national joy smoke!

Such jimmy pipe tobacco, such makin's

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

tobacco, never did come into your taste-zone before! Such flavor, and coolness, and fragrance; such mellowness! Why, men, P. A.'s so good you call it by its first name like you were brought up in the same house!

And you just go on smoking Prince Albert day-in, day-out, because it's so good and friendly and cheerful to the tenderest tongue! And nail this: You will find P. A., jammed in a jimmy pipe or rolled into a makin's cigarette, better than the most cheerful word we ever printed about it!

Buy Prince Albert everywhere tobacco is sold. Toppie red bags (handy for cigarette smokers), 5c; tidy red tins, 10c; handsome posani and half-pound tin humidors—and that classy pound crystal glass humidors with the sponge-moistener top that keeps the tobacco so slick!

DOINGS OF THE VAN LOONS—But Father May Get His at That.

BY F. LEIPZIGER

Almost a Tragedy

The banquet feast was set to view... The guests all seated by, While o'er the tempting viands spread Moved many an eager eye.

When, just as all seemed ready, then The hostess entered, pale, And roiled against a hungry guest, While all words seemed to fail.

"What's up? What's up?"—full 12 arose, While others sat quite dumb: She gasped and gulped in panic tones: "Barmann's Beer has not yet come."

I like leaden hail, her words struck hard— Just then the door bell rang— He hostess, like wild winds, swept out: The door closed with a bang!

But, ah, she comes! New bottles gleam! Out reach extended arms. "You seem to prefer," she said, relieved, "The beer that never harms."

PORT EWEN.

Port Ewen, Aug. 25.—A farewell surprise party was given Master Fred Schopman at his home on Stout avenue, Tuesday evening. Master Fred was so overcome that he ran out of the room and fell in the arms of his mother. It took him about ten minutes to recover. A very enjoyable evening was spent in singing, dancing and games of all kinds. In the drawing room party Master John Warren won the first prize; Miss Evelyn Bugg, the second prize, and Master Charles Onslow the booby prize, which he thought would be very useful for him some day; also Master Charles Onslow won the prize as champion pickle eater and was presented with a large pickle put up in a large pack. Dainty refreshments were served and all enjoyed themselves to the "wee sma" hours of morning. Among those present were the Misses Miriam Neice, Evelyn Bugg, Drusilla Van Vliet, Alice Lapine, Maude Terpening, Olive Decker, Masters Ropening, Charles Onslow, Clarence and John Neal, Glenn Jump, Clarence Foote, Clifford Snyder, John Warner, George Fowler, Rankin Lynn, William Schopman, Mr. and Mrs. Valentine Werner of Jersey City Heights.

There will be a special meeting of the social committee of the Reformed Church Christian Endeavor Society on Friday night, August 27, at 7:30 o'clock at the home of Miss Cleon Elsworth on Broadway. All members are requested to be present as business of importance is to be transacted.

Mr. and Mrs. John Webb and son, Wallace, of Sleightsburgh Heights have returned home from a motor trip through Brooklyn and New York city.

Mr. and Mrs. Valentine Werner of Hudson Boulevard, Jersey City Heights, are guests of Mr. and Mrs. Fred Schopman at their home on Stout avenue for a few days.

On Tuesday, August 24, at the Pine Cliff Cottage, home of Mrs. V. H. Beadle, a most pleasant afternoon was spent, the occasion being a reunion in honor of Mrs. Elizabeth Webb from Home Cottage, Sleightsburgh. The guests entertained were Miss Mary Markes and sister, Margaret, from cottage "Idle Hour"; Mrs. Smith and daughter from Richmond Hill, L. I.; Mr. and Mrs. John Webb and son, Wallace, from cottage "It Suits Us"; Mrs. D. Tanner and Mrs. A. Sergeant from Gilbertsville, N. Y.; Mrs. Beadle's sisters, Miss C. Tanner of Gilbertsville, N. Y.; Irving Beadle, N. Y.; Everett and Miss Carrie Everett of May Park, and Mrs. Ginego and Miss Heath of Sleightsburgh, and W. W. Boyce of Port Ewen. At 5:30 p. m. the guests were invited to the dining room where they enjoyed a most delicious supper; the dessert which followed was a rare treat to all, ice cream and cake, especially the cake, which would surpass any you could buy and was made by Miss Elizabeth Webb, who is eighty-four years old, enjoying the best of health, looks younger today than most women at the age of sixty-four. Mrs. Henrietta Elsworth and daughters, Mrs. Daniel Bigler and Miss Daisy Elsworth, of Salem street, were invited but on account of sickness could not attend.

Mrs. William Stockhoff and son and daughter of North Arlington, N. J., who came in their auto to spend a few days at the home of Mr. and Mrs. Fred Schopman on Stout avenue, had a most pleasant time.

Mid-week prayer and praise service will be held at the Reformed and Methodist Churches this evening at 7:30 o'clock. The subject to be considered at the Methodist service is "David's Kinship." All are invited to these services.

Daniel Odenbrow of Ellenville is spending a few days with Mr. Riley and calling on friends.

William Rosa is assisting Fred Lawrence in harvest.

No One Dodges It.

Property has spoiled many a man, but no one dodges it on that account.

Paint and Not

Paint was so high the last few years the market was flooded with trash.

What is trash? It looks like paint and pretends to be paint, but isn't worth painting. It costs a painter's day's work to put on a gallon of paint, good or bad; and a painter's day's work is \$3 or \$4.

Add that to the price of a gallon. That is the cost of a gallon. Devoe is \$5 or \$6 a gallon; and trash a half dollar less.

But Devoe is all paint and more; it adds oil to it; a gallon is 5 or 6 quarts of perfect paint for the painter's pot. But trash is three-quarters, two-thirds or half paint; you pay a half dollar less for nobody knows what it is.

10 gallons Devoe is enough for the average job; it takes 15 to 20 gallons of trash. And the wear same way. Unfortunately, they look alike when first put on.

DEVOE. N. H. Herzog sells it.—Advertisement.

W. C. Dunn of New York city, who has been boarding this summer at

the Allaben Hotel, has returned to his home in New York city.

Mrs. Southwick and son of Grahamsville are guests of Mrs. T. O. Porter.

Mr. and Mrs. Holstein of Hasbrouck avenue, Kingston, were guests at the Hillcrest Cottage, Sunday.

Tom Osterhout of South Kortright was a guest of Miss Beulah Gulnick Sunday.

Mr. and Mrs. T. W. Meridith and daughter, Marion, of Big Indian and Mrs. G. H. Gulnick and daughter, Marjory, enjoyed an automobile trip to Pine Hill Saturday evening.

Ben Gulnick caught a large trout at Pagoda Point, opposite Gulnick's Hotel, which measured 19 inches and weighed three pounds; the largest trout caught at that point this season.

Dr. Harry D. Orzgood, surgeon-dentist of New York city, will give the children in the Allaben and Shandaken schools a lecture on dentistry and will also examine their teeth, free of charge, September 7.

PRINCE BORIS OF BULGARIA AT HEAD OF HIS TROOPS BULGARIA READY TO ENTER FRAY.

Despite the fact that Turkey, in a treaty, has made concessions to Bulgaria, giving the latter nation a railway to the sea coast, it is highly probable that Bulgaria will join with the other Balkan states against Turkey. It is reported that Bulgarian troops are mobilizing and that their frontier is heavily guarded.

KINGSTON, N. Y., AUG. 26, 1915.

While we are waiting for old Carranza to send his reply to President Wilson's note demanding that he enter a peace conference and stop fighting, it is interesting to read over again the emphatic utterances of our President in his famous speech at Indianapolis last year. Here are the most significant parts of it: "I hold it as a fundamental principle, and so do you, that every people has a right to determine its own form of government; and * * * 80 per cent of the people of Mexico never had a 'lock-in' in determining who should be their governor or what their government should be. * * * It is none of my business, and it is none of your business, how long they take in determining it. It is none of my business, and it is none of yours, how they go about the business. The country is theirs. Their Government is theirs. The liberty, if they can get it—and God speed them in getting it—is theirs. And so far as my influence goes, while I am President nobody shall interfere with them. * * * Have not European nations taken as long as they wanted and split as much blood as they pleased in settling their affairs? And shall we deny that to Mexico because she is weak? No, I say." Yet Mr. Wilson now demands that the spilling of blood—that inalienable right—be discontinued. The merry exercise of the right to commit murder, arson and theft must stop, he says. In spite of his laughable make-up, Carranza is a sly fox, and we should not be surprised if he sent Wilson's speech as a part of his reply. Then there would be nothing left but to lay it all to the influence of Bryan.

A German spy named Klopsch was arrested in Washington yesterday and in his possession was discovered a suitcase full of drawings of American fortifications. Only a short time ago another man of the same nationality and profession, named Kolb, was arrested in Florida. It is hard to catch gentry of this sort "with the goods on them," but there is reason for believing that these two are but members of a numerous gang. Military and naval secrets have been made public in such a way that it is evident that some of the spies have managed to get places in Government offices. It is known that foreign Governments are better informed regarding our state of unpreparedness than are our own people. These Governments would not go to the expense of hiring these emissaries if the possibility of an attack upon our coast were not more than a dream, but it seems that the Administration at Washington is blind to the fact, since no perceptible progress is being made in the strengthening of our defenses. The "sissies" who are worrying so much lest this nation become militarized might profitably remember that the United States hires no spies to operate in foreign countries. There is reason to believe that we are the only great nation which has this distinction.

Our Government has decided to take full control of Hayti, administering its affairs as if it were a territory of the United States. According to Secretary Lansing, "we have only one purpose, that is to help the Haytian people and prevent them from being exploited by irresponsible revolutionists." This is a good policy. The Haytians are of an inferior race, manifestly unfit for self-government. So long as we adhere to the Monroe doctrine we must supervise such incapable people making them pay their debts and preserving order, or we shall have no excuse for objecting to some other nation taking over the job. The description which Secretary Lansing gives of conditions in Hayti are applicable to Mexico also without any change other than the substitution of "City of Mexico" for "Port au Prince." Yet President Wilson has frittered away a couple of years over the Mexican question while it did not take him two weeks to act in Hayti. The impression created is a bad one.

The Constitutional Convention has exhibited courage and good judgment in favoring the proposition that the voting franchise be limited to persons able to read the English language. Anyone who cannot read is manifestly unfitted to take part in deciding political

issues, since he is dependent for information upon the people he happens to know, who are likely to impart to him only such facts as suit their purposes. A number of delegates expressed the opinion that the test should be ability to read any language. Recent disclosures have shown that foreign Governments are disposed to subsidize periodicals printed in their language in this country, which is evidence that papers published here in languages other than English are unsafe guides. Furthermore, any resident of this land who does not like it well enough to learn the language of its people has no value as a citizen.

SOMETHING TO REMEMBER.

(By Our Woman Editor.)

I want to tell you a story that came my way the other day, a story that carries a lesson to all who are willing to read.

It happened a few years ago that a wealthy woman in the west lost \$150,000 in stocks and bonds, and the loss was laid at the door of another woman, one whose wealth was counted in pennies. She was openly accused of the theft, so openly, in fact, that the circumstances in the case were blazoned to the world through the newspapers, with no sparing of names, because the loser was a woman of prominence.

Naturally, stories like that accumulate much of blackness as they travel along; and the case became so in the limelight, the woman accused so unsparingly bared to the gaze and the condemnation of the public that the loser felt minded to write a letter for all to read who cared to. It was given publicity through the medium of the press, and in it she stated her profound regret that so much open attention had been given to her private affairs.

The person involved, she wrote, was trying to make amends for errors made in the past and, with herself, was looking forward to a life of much usefulness and kindness in the future. She told that the women had done much good in earlier days and had it in her power to do much in the future, adding that those things should speak strongly for her in the hour of her need.

And then she went on to say that those who did not know the make-up of the minds of others who had erred and of the temptations presented could not safely judge them; that all laws, human and divine, commanded not only that we should rightly consider those who had erred, but should give to the erring a chance to obliterate what had been mistaken in the past.

And with that her letter closed. I do not know how the story ended, whether there were others to make the way easy for one whose mistakes left a sorry blot; but surely the spirit of forgiveness and the appreciation of a weakness not her own lodged in abundant measure in this one woman who was willing to wipe out for another a past that closely touched her own worldly possessions. And so perfect an example of forgiveness must have had an influence upon all who came under its beautiful spell.

And it is the more impressive because it was between women, and because we sometimes see women unforgiving, hard and relentless where their own sex is concerned. Apparently there was grievous cause to let the law take its course, but with this one woman the impulse to shield was so generous and broad that it makes one forget that there are others harsh and unforgiving indeed. Yes, and with little appreciation of the strange undercurrents in human lives, as they run.

Surely we do not give full measure of credit to men and women who err, then, with the odds all against them, fight their way back to their own self-respect, and the right to the renewed esteem of others. We need not think very deeply to fathom something of the abyss into which they look when there is consciousness of the wrong itself and knowledge that others know the whole story and are keeping watch.

There is respect and admiration for one who retrieves lost fortunes and again "makes good," after bitter financial failure; but, after all, it is the moral battle that takes courage, for there is not always a helpful letter or a word of encouragement to help retrieve the former standing or to give heart to go on, and it is easier to run away than to face critical eyes and try to "live it down."

We may listen to a sermon ringing with the divine spirit of forgiveness or read an essay that brings us many steps nearer to understanding what it means; but neither is quite so human as the act of a man or woman revealing complete willingness to remember the good in the past, hope for better in the future and wipe out the forbidding and the offending. And particularly, when the wrong has struck home.

And it is satisfying now and then to get a passing glimpse at folk who look at life through tolerant, kindly eyes, and who let their actions tell the story of their faith. We listen to so many tales of selfishness, greed and the stern letter of the law that it is heartening to pause for a while

LITTLE LAUGHS

"What did your husband think of the ball game?" "Oh, he doesn't go there to think. He just hollers."—Washington Star.

She—"You like melon; do you not, Mr. Bond?" He—"Yes; especially the kind frequently cut by large corporations."—Boston Transcript.

"You went and fed that cake I made to the dog, you mean thing!" "I know I did, but honest, know you were so stuck on that dog."—Houston Post.

"Why, Mrs. Robinson says she would no more be without her chafing dish than without her piano!" "H'm! If her friends could have their way, she'd be relieved of both!"—Puck.

"Six months ago I lent you \$10. I don't suppose I'll ever get it again." "I know just how you feel. I don't suppose I'll ever see it again, either."—Birmingham Age-Herald.

"Is your son Josh going to be much of a help to you on the farm?" "That ain't the question," replied Farmer Courtessell. "What me and ma is worried about is whether we kin keep out o' Josh's way when he's playin' lawn tennis an' golf."—Washington Star.

"What are you rummaging for?" "Some of the love letters I used to write my wife before we were married." "That bit of sentiment does you credit. Want to peruse 'em again, eh?" "Aw, gwan. She's away for the summer now. I promised to write frequently, and I want to give those old letters to my stenographer to use as forms."—Louisville Courier-Journal.

Always Willing.

Miss Marie Thompson Davies, the author, having lived all her life in the south, has a fund of humorous stories about the negroes. The following one, published in the Youth's Companion, is her favorite: One day she walked down a street in Nashville with a guest from the north. The street was crowded with negroes, who were forming in line for a parade. Miss Davies' guest was curious to know what it was about, and seeing a boy whom she knew, Miss Davies called him to her.

"What's the occasion for the parade, Tom?" she asked. The boy looked at her with a grin. "La, Miss Davies," he replied, "don't you know colored folk well 'nough to know

dat dey don't need no 'cassion foh a parade?"

Between Friends.

There is an anecdote of a dialog between Whistler and Leighton, whose over-finished and commonplace work he could never bear. The two men were sauntering along, talking art. "My dear Whistler," said Leighton, "you leave your work so rough and sketchy. Why do you never finish?" Whistler screwed his glass into his eye and gave a fiendish laugh. "My dear Leighton," said he, "why do you ever begin?"—Christian Advocate.

Past and Present.

Secretary of Agriculture Houston said in Washington the other day:

"What improvements we see in the country when we go there on our vacation. We see automobiles, telephones, player pianos, phonographs and even, among a few wealthy young farmers, airplanes."

"How different is this prosperity from the hardships of the past—from the days when a gaunt farmer would enter the general store of the district and pant, hungrily: 'Gimme an egg's worth o' sugar—an' ye moult weigh out an egg's worth o' salt, too. The Plymouth Rock's a'cluckin'!"—New York World.

Only on the Surface.

Mother Jones said to a reporter at one of the Industrial Relations Commission's hearings in Washington:

"The employers' argument in that case looked very altruistic on the surface. It was like the young wife in the new dress at the shore. . . ."

"By jingo," said her husband, as he slipped on his dinner jacket, "you look nice in that new dress, love, for a fact. It cost me a heap of money, though."

"You dear old thing," said his wife, as she prinked before the glass, "what do I care for money, you dear old thing, when it's a question of pleasing you?"—Washington Post.

"A FOOL THERE WAS"

By Porter Emerson Browne

A Picturization of the Kipling Poem and The Great Burlesque-Jones Painting, "The Vampire."

A vivid theme that deals with a phase of life that will appeal to all classes.

"A Fool There Was, and he made his prayer—

SERGEANT SHEPHERD AND WIFE.

LEFT HOMELESS BY TEXAS STORM.

The picture shows Sergeant Shepherd, of the U. S. army station at Texas City, Tex., and his wife sitting beside the ruins of their home, which was almost completely demolished by the hurricane and flood which swept over the state, resulting in the loss of over 400 lives and a damage to property of about \$5,000,000.

A boy of ripe experience is too wise to monkey with green fruit.

Don't Forget to Live.
Prepare to live by all means, but for heaven's sake do not forget to live. You will never have a better chance than you have at present. You may think you will have, but you are mistaken.—Arnold Bennett.

ELLENVILLE.

Ellenville, Aug. 26.—The Misses Hartwig entertained a company of their lady friends at their home on Canal street on Tuesday afternoon, and a surprise was given them for at this time the engagement of Miss Olive Hartwig to Howard Frost of Riverside, Cal., was announced, the wedding to be solemnized in the near future. Miss Hartwig is a graduate of the Ellenville high school and of Syracuse University, and for some time has been a member of the high school faculty at Hempstead, L. I. Mr. Frost is also a graduate of the Ellenville high school and of Cornell University, and has at the present time a very fine position at Riverside, where he will take his bride to make her future home.

Mrs. C. D. Vrooman entertained a company of young friends Tuesday evening in honor of her son, Earl Vrooman's birthday. Dancing was among the pleasant features of the evening's entertainment.

Monday evening a benefit for the flood sufferers was given by Byron S. Thornton at the Casino. A very generous response was given by the village people. Wednesday evening Masonic Theater gave a benefit entertainment, and the People's Band furnished the music. This also received a very generous response from the people. Thursday evening a concert and dance will be given by the Pioneers at Norbury Hall, a benefit for the flood sufferers. Clayton's Band will furnish the music.

The boys are receiving a very generous response to the sale of tickets for their entertainment. The boarding house Burton Hill at East Wawarsing brought to those who lost by the recent flood a very generous contribution from the guests. Very generous assistance has been given already from the village people and more will be added as soon as proper arrangements can be made by the citizens at a meeting to be held in the near future.

From far and near comes the question by telegram and letter why could not the Methodist Church have been saved? This church was not damaged. It does not occupy ground near the flooded district. It was a chapel that stood upon the flooded street and where Sunday school is held every Sunday afternoon during the winter season and of which Edward A. Smiley of Minnewaska has charge, with a corps of efficient assistants. The building did not go down to ruin, but can be repaired and with a new foundation be made again as good as new.

During the electrical storm in Ellenville Sunday morning, while the churches held service, the large barn on the farm of H. H. Terwilliger, in the corporation limits, was struck and with its contents, which included the automobile of the son, Milton N. Terwilliger, also over three hundred dollars in hay, wagons, farm implements, etc., burned to the ground. No insurance.

A total loss to both father and son. This is removed one of Ellenville's oldest landmarks for this farm was owned by the late Joseph H. Tuttle, one of Ellenville's best known and respected citizens, and under his ownership extended from mountain to mountain, but at the present time is owned by several parties, and upon its lands many of Ellenville's most beautiful residences are built.

Mrs. William Coopinger, who fell from a second story window while washing windows at her home on Park street a week ago, remains in a very critical condition, only recovering consciousness at times, but hopes are entertained of her recovery. Mrs. Coopinger is under the care of Dr. B. F. Neal and Miss Wynkoop, trained nurse.

Mr. and Mrs. Michael Palmer are receiving congratulations upon the arrival of a little daughter in their home on North Main street.

Mrs. Edgar S. Terwilliger of Center street is visiting her cousin, Mrs. William Seaman, at Craigville.

Mr. and Mrs. Edward B. Kimble spent Sunday with Mr. and Mrs. William George at Liberty.

Miss Lila Seaman of New York is spending her vacation with her sister, Mrs. E. B. Saunders.

Floyd Smith and family of Deposit visited Mrs. Smith's brother, H. W. Coons, and family this week.

Miss Hattie Brown has returned from a two weeks' outing at Oswego Beach and Burts Point, Oswego, New York.

Mrs. O. B. Seaman has returned from Roxbury, Delaware county, the Misses Taylor remaining a week longer.

Albro Brown of Broadhead street is spending the week with his brother, Austin Brown, at Oswego Beach.

Mrs. Munson of Walden has been spending some days with her daughter, Mrs. John Yarrow, and family. Uptown mail delivery post office clerk, and family have moved from the Stern house on Canal street to an apartment in the Richards house on North Main street.

Mrs. Thomas H. Collins is reported to be seriously ill at this writing.

PINE GROVE.

Pine Grove, Aug. 26.—A gentleman who is spending his vacation at Pine Grove farm, took a trip to Saugerties the other night and upon returning home, the night was unusually dark, and he took a bad tumble. The next day he was seen hobbling about with a monstrous cane, but so far as the Pine Grove reporter can learn, he was not at all injured, but his feelings (at the time) no doubt were hurt.

Mrs. Winfield Snyder of Saugerties spent a day last week with her parents, Mr. and Mrs. DeWitt Crosswell.

Orville Snyder of Lake Mohonk spent the week end at the home of his parents, Mr. and Mrs. Franklin Snyder, Orchard Grove farm.

Miss Alice Bratt and Miss Mary Spielman recently spent a day at Kingston.

Mrs. E. Cousin is entertaining her aunt from out of town.

Burton Spring was substitute mail carrier on Route 3 during the absence of Mr. Russell, who was called away by the illness and death of his mother.

Raymond Snyder of Lake Mohonk spent the week end with his parents,

Mr. and Mrs. Leonard Snyder, at Spring Brook Villa.

The Misses Ruth and Edythe Bratt, Mrs. Butler and daughter, Madalin, and Miss Kate Mac Iver, of Pine Grove farm, spent Thursday afternoon as guests of Mary Alice Bishop.

Miss Hazel Spielman, who has been working at Saugerties, has returned home.

The Misses Edythe Bratt and Kate Mac Iver took a trip to West Saugerties on Thursday of last week.

William Bratt, Mr. Butler and A. Greber "hiked" to the mountain on Tuesday.

QUARRYVILLE.

Quarryville, Aug. 26.—Claude Post and wife spent Sunday at West Saugerties.

Mrs. Hans Goldberg, a former resident of this place, is visiting friends in town.

Mrs. Bridget O'Rourke and Mrs. Mary Perry of Hudson spent Sunday with James Perry.

James Young and family of Alsen called at Henry Hallenbeck's Sunday. Owing to the severe storm there was no Sunday school or preaching service Sunday afternoon, although our pastor, the Rev. G. E. Robinson, came up through the storm.

The Rev. N. Hess of East Durham preached for us Sunday evening.

Mrs. Boice and children and Miss Jennie Richtmyer of Schenectady are visiting their grandmother, Mrs. Kathryn Taylor.

Charles Carnright and wife of Schenectady are spending their vacation in town.

Prof. Ford Hummel, wife and son of Kingston and Miss Ferris of Madison are to give a musical concert in the M. E. Church Wednesday evening, September 1. This is a high class entertainment and every lover of good music should not fail to be present. The admission has been fixed at 25 cents to accommodate every one. If you were in Kingston you would have to pay \$1.00 to hear this. Secure your tickets early, and come early to get a good seat, as we expect a full house.

Mrs. Edgar Smith and son of Albany are visiting her mother, Mrs. Fred Daringer.

MODENA.

Modena, Aug. 26.—The pastor of the M. E. Church will preach at the regular morning service, Sunday, August 29. The topic will be, "A Saving Ambition."

The motion picture program at the M. E. Church next Tuesday, August 31, will consist of two comedies, "A Busy Cupid," and "Bunny Buys a Hat For His Bride"; a scenic film dealing with the lumbering interests of Oregon, entitled, "The Fate of a Big Tree."

Mr. and Mrs. Rulle Ward of this place visited her sister, Mrs. Frank Lozier, near Leptondale on Sunday.

Mrs. Paul Weber and Miss Anna Wells spent last Saturday in Poughkeepsie.

Mrs. E. E. Miller and son, Myron, have been spending a few days with friends at Lake Mohonk.

Miss Maud Baxter of Newburgh is visiting at the home of Mr. Peter Roemer.

Miss Lena Habb of Long Island is

FORESTS AND MOISTURE.

Trees Conserve Water, Aid Percolation,
and Retard Evaporation.

Trees drink in and transpire an enormous quantity of water. This giving off tempers the dryness of the nearby atmosphere. Moisture bearing currents of air are caught by forest areas as they are not by the heated plains. Local showers may thus become more frequent where trees abound, or at least the availability of whatever rain may fall is increased for the locality by forest growths.

Foliage, twigs and branches break the fall of the raindrops. So does the litter on the forest floor. Hence the soil under this cover is not compacted as in the open field, but is kept loose and granular, so water can readily penetrate and percolate. The water reaches the ground more slowly, dripping gradually from the leaves, branches and trunks, and thus more time is allowed for it to sink into the soil and appear again in springs or subsoil moisture lower down.

In forests there is much less evaporation of moisture than in the open country because sun and wind do not have such free play. It is estimated that forests have from 50 to 60 per cent of water supply more than the open fields because of increased percolation and decreased evaporation.—Country Gentleman.

ITALY'S CRACK MARKSMEN.

They Are All Athletes and Are the
Pride of the Army.

The bersaglieri (sharpshooters) are the elite of the Italian army, and each bersagliere is a picked man, chosen for his hardihood and stamina, the average bersagliere being short and thick-set, but with magnificent strength and exceptional powers of endurance.

There is no prouder soldier in the world than the full blown bersagliere as he swaggers along the street of an Italian town in his dark blue uniform, with its rich red facings, and on his head, set at a rakish angle, the famous wide brimmed black slouch hat adorned with large, heavy, drooping plumes of green cocks' feathers.

Bersaglieri, by the way, is pronounced bersar-ly-ary.

When on the march the bersaglieri never walk as do other soldiers, but always go at a sort of quick trot.

These 25,000 or so men are among the most perfectly drilled troops in the world. Every single bersagliere, apart from being a man chosen for his endurance, is a fully trained athlete.—Westminster Gazette.

An Idol With Diamond Eyes.

The famous Orloff diamond was once the right eye of the great idol Serraham in the temple of Brahma. This precious gem was stolen at about the beginning of the eighteenth century by a French soldier who had made a pretense of being converted to the Hindu religion in order to gain the confidence of the priests and admission to the temple. The Frenchman first sold the diamond for £2,000. On the next turn

it was bought by a banker of Constantinople for £12,000. The banker kept it until 1774 and then sold it to the Russian empress for £90,000 and a life pension. The gem has been in the Russian royal family ever since. As it is now set in the Imperial scepter of Russia it presents a flattened, rose cut surface and weighs exactly 194 1/2 carats.

Stinging Rebuke.

A society man said in Newport apropos of a current scandal:

"It reminds me of a very trenchant anecdote. A young married woman at a seashore hotel went up to a pretty girl in white who had been dancing like mad with the first one's husband and said:

"I've got a last year's coat suit that's quite good, really. To be sure, it's out of style. Still, would you like to have it?"

"The girl blushed red with mortification.

"What?" she said. "Do you think I'd wear your cast off clothes?"

"I thought you might," blushed the young married woman. "You seem anxious enough to get my husband."

—Exchange.

Grenadiers.

Evelyn writes in his diary under date, 1678: "Now were brot into service a new sort of soldiers called Grenadiers, who were dexterous in flinging hand grenades; they had furred caps with coped crowns, which made them look very fierce; and some had long hoods hanging down behind as we picture fools." The original grenadiers hurled their grenades, and then charged the enemy with hatchets.—London Standard.

Not the Usual Kind.

"What a fool exercise fencing must be for women."

"Why so? I always understood it was fine."

"Here Maude Binks is taking lessons, and she told me yesterday she was learning how to feint."

Before and After.

Stella—When you are engaged you tell him that he must economize. Bella—And after you are married he tells you that you must.—Boston Journal.

Lorraine.

Before Lorraine was united with France in 1736 it belonged to the de-throned king of Poland. Before that it belonged to Austria.

It happens many times that we seem much deceived in others because we first deceived ourselves.

Found Wanting.

A New York visitor called on a "hick" because we have never seen a game of golf, but at the same time he confessed that he never saw a watermelon on the vine and couldn't tell when one was ripe. He was indignantly dismissed from our bucolic presence.—Houston Post.

REPUBLICANS MAKE RECOMMENDATIONS

County, Assembly and City Conventions Name Strong Ticket at Court House—C. K. Loughran for County Clerk.

For Justice of the Supreme Court—Aaron V. S. Cochrane of Hudson. For County Clerk—Christopher K. Loughran of Kingston. For Coroner—George Suter of Marlborough.

For Assemblyman, First District—Henry R. DeWitt of Kingston. For Assemblyman, Second District—Abram P. LeFevre of New Paltz.

For Mayor—Palmer Canfield, Jr. For Alderman at Large—Walter P. Crane.

The above designations for primary election were recommended by the Republican county, assembly and city conventions which were held at the court house today.

The delegates were elected at the Republican primaries which were held throughout the county last Friday night and the convention was one of the most representative gatherings of Republicans that Ulster county ever has known.

The convention was called to order shortly after twelve o'clock by Philip Elting, chairman of the Republican county committee.

No Hand-Picked Candidates. In calling the convention to order, Chairman Elting said:

"Ever since the formation of the Republican party, its representatives and delegates have met annually in Kingston at a conference which is called the county convention, and every year this conference has called together the most representative men throughout the county who have been deeply interested not only in the welfare of the county, but the welfare of the Republican party as well, but I doubt if a more representative body ever was gathered together than the body of delegates whom I now look upon."

"With the exception of a Justice of the supreme court and assemblymen, we elect only county officers this year and there are no state officers to be voted for."

"Since the enactment of the direct primary law, the Republican party has held county conventions made of delegates elected by the voters in their respective districts and their selection has been in the nature of a recommendation of candidates to the voters for the primary election and the regular election, and I am particularly proud of the fact that of the full county ticket so elected in this room a year ago, in each case the recommendation of the convention prevailed at the primary and was adopted by the electorate at the polls."

Philip Elting was unanimously elected chairman of the convention and John W. Eckert was unanimously elected secretary.

County Committee. The list of districts was called for recommendations for county committee, who will be voted for at the September primary, and the recommendations for each district were made up as follows:

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.

New York, Aug. 26.—There was a resumption of buying on a vigorous scale of copper stocks in response to the advance in the price for the metal in London and the sale at the high level here. Ancon-

da rose 1 1/2 to 3 1/4; Inspiration, 3/4 to 3 1/2 and Utah Copper, 1/2 to 5 1/4.

Pronounced strength was shown in the leading industrials and in many specialties. United States Steel common moved up 1/4 to 76 1/4.

Cruible Steel, 1/4 to 77 1/4; Pressed Steel Car, 1/4 to 62; American Can, 1/4 to 63; Allis-Chalmers, 1 to 39 1/2 and New York Air Brake, 4 1/2 to 16 1/2.

Westinghouse was one of the most active issues, advancing 1 1/2 to 117 1/2. General Electric rose 1/4 to 178 1/2.

Traction stocks were active. Interborough Metropolitan moved up a point to 21 1/2, and Third Avenue was 1/2 higher at 52 1/2.

Lackawanna made a gain of 2 points to 66 1/2.

A firmer tone prevailed in the market in the late afternoon. The feature was heavy buying of steel common. Stocks closed steady.

Government bonds unchanged; other bonds steady.

Quotations furnished by John D. Kline, Broadway and Strand, Kingston, N. Y., Tel. 93. Correspondent of C. M. Van Buren & Company, members of Consolidated Stock Exchange of New York.

HAITIANS FIRE ON U. S. TROOPS

By Telegraph to The Freeman.

Washington, Aug. 26.—Haitians fired on the American patrol at Port Au Prince last night. Admiral Caperton today notified the war department. No mention was made of casualties. Officials here believed that the trouble was quickly put down or Caperton would have advised further. A band of Caons, the north Haitian tribesmen, who are giving the American authorities trouble, invaded Port de Paix last night. They did not start any trouble.

The gunboat Nashville, with several companies of marines and four machine guns, has arrived at that port. The French cruiser Cordie has taken the place of the French cruiser Descartes at Port Au Prince.

The residence of Former Assemblyman and Mrs. A. J. Cook on Clifton avenue was the scene on Wednesday evening of a most enjoyable house party in honor of the Rev. M. J. Fitzpatrick, who is the guest of the Rev. Michael J. Larkin of New York city.

A jolly number of young people from this city, Boston and New York enjoyed a delightful outing at Lake Mohonk on Wednesday. Watson Haynes of the Mohonk House entertained them by showing them all through the immense house and grounds. The group comprised the Misses Lena Dick, Elsie Richmond, Marjorie Wells, Jane Heathcote, Margaret Allsworth, Helen DuBois, Margaret Dick and the Messrs. Fred Van Effen, Jack Walving, Carl Traime, Ellsworth Richmond, Russell Dana, Norman Cora and Carlton Wells. They were chaperoned by Mrs. Fred Fruden of O'Reilly street.

Hammond-McIntyre. Otis Ross Hammond of No. 129 O'Neil street and Miss Georgie Anna McIntyre of No. 12 Prince street were quietly married on Sunday by the Rev. George M. Cranston, pastor of the Clinton Avenue M. E. Church. The witnesses were Kathryn E. O'Brien and Charles Albright.

Houston-Pasquy. A very quiet but pretty wedding took place at the home of Mr. and Mrs. William Burger at West Park on Tuesday evening when their nephew, William Houston of Poughkeepsie, was united in marriage to Miss Viola Pasquy of Poughkeepsie. The ceremony was performed by the Rev. Richard Searing. The house was very prettily decorated with golden red and ferns. The bride carried a bouquet of sweet peas and aster. Miss Leonia Houston, sister of the groom, was maid of honor, and Frank Ackert was best man. After the ceremony a very nice supper was served. Both Mr. and Mrs. Houston have the hearty congratulations of their many friends.

LOCAL DEATH RECORD. Recent Deaths and Funerals of Persons in This Vicinity.

Anthony Brown, a well respected citizen of Saugerties, died suddenly at his home on Ulster avenue at an early hour this morning.

He was a man of trade and had resided in Saugerties for many years. He was in his 60th year of age. He is survived by his wife, four daughters and three sons.

James W. Tompkins for many years a resident of Highland, died on Monday at the home of his son in Lakewood, N. J. He was 79 years old. He is survived by three sons, Percy of Lakewood, N. J., Lester of Boston, Mass., and Walter of Highland and two daughters, Mrs. A. B. Russell of East Orange, N. J., and Mrs. J. T. Manderschied of Highland.

Elizabeth S., widow of James Cook, died on Wednesday evening at her home, No. 7 Wurts street, aged 80 years. Mrs. Cook had been an invalid for some time, but her Christian character always kept her cheerful and interested in her friends who mourn her death. She is survived by four daughters, Mrs. E. Herdman, Mrs. D. McDonald, Mrs. J. J. Amend of Chicago, Ill., and Miss G. Cook, also one son, J. Cook, and one granddaughter, Miss Gertrude Cook, who made her home with her. She also leaves fourteen grandchildren. The funeral will be held from the residence on Saturday morning at 9 o'clock and at St. Peter's Church at 9:30 o'clock. The Christian Mothers of St. Ann's Society are invited to attend.

Mere Man. Man is not only of few days and full of prunes, but he is an insignificant mummy at his wedding, his wife's parents are the heroes when the first baby comes, and after that his wife takes over his pay envelope every week.—Houston Post.

An Empire Ranch. We hear often of "captains of industry," "Napoleons of finance," and "land barons," but what title is imposing enough to fit the Australian cattleman who owns or controls 28,800,000 acres of ranch land—a domain as large as Pennsylvania?

FORMAL OPENING OF FORSYTH PARK

The Sunday school of the Clinton Avenue Methodist Church was privileged to hold the first big picnic in what will hereafter be known as Forsyth Park, on Wednesday. The pupils and friends of the Sunday school met at the church about nine o'clock in the morning and were taken in autos to Forsyth Park for the day's outing. While a goodly number thus went to the picnic grounds in the morning, the gathering was hourly added to in considerable numbers throughout the entire day, until the woods, the athletic field and meadows were filled with a moving crowd of happy folk for the day was ideal. At ten o'clock in the morning the first game of baseball was played between the boys of Mr. Rider's class and the boys of Mr. Winchell's class. The result was a score of 21 to 7 in favor of Mr. Winchell's class. From 12 to 1 o'clock young and old had a merry time as basket lunches were disposed of. Then came the speech making. The Rev. George M. Cranston, pastor of the church, extending the greetings of the day to all, and Mayor Canfield speaking in the interests of clean sports, a clean city and a progressive one. Next came a fine band concert which was thoroughly enjoyed by all. All through the afternoon the band entertained those of the visitors who were not particularly interested in the athletics, which at 3 o'clock were in progress on the fine open field which offers such an excellent spot for athletics of every sort.

An extremely novel game of baseball was played between a nine made up of the girls of the Sunday school and the older men of the school and church. The score stood 15 to 12 in favor of the girls' team which was made up as follows: Grace Van Vleet, p.; Nettie Rider, c.; Eleanor Winchell, 1b.; Mary Rider, 2b.; Florence Wheeler, 3b.; Millie Bush, ss.; Henrietta Thompson, lf.; Alice Field, cf.; Marion Wheeler, rf. Their opponents were Ira Britt, p.; Nicholas Plase, c.; Thomas Wilson, 1b.; Walter Pettinger, 2b.; Davis Hyatt, 3b.; Benjamin Hammond, ss.; C. Smith, lf.; A. Merendahl, cf.; George Phillips, rf.

Miss Florence Wheeler had charge of the girls' athletic contests, the winners in the various events being Miss Ethel Kastner, towel race; Miss Ethel Kastner, post race; Miss Beatrice Burt, sack race; Miss Willa Van Vleet, twenty-five yard dash; Miss Willa Van Vleet, baseball throwing; Miss Irene Cranston and Miss Henrietta Thompson, three-legged race.

The boys' and men's athletics were supervised by Fred M. Dressel, the various contests being won as follows: Circular relay race, won by the following team: Auly Roosa, Stanley Winchell, Charles Ryan, Russell Bishop, Roy Bishop, Franklin Hyatt and Blair Muller; the losers being Jesse Leiboldt, Vernon Miller, Nelson Hyatt, Jesse Osterhoudt, Harry Dietz, Dale Achmood, Harold Boyd, Watson Wheeler won the hundred yard dash, with Frank Hyatt second. The shoe race was won by Clifford Eckert and Charles Ryan, while B. Pettinger missed it by the tie of a shoe string. The twenty-five yard dash was won by Abram Kaplan.

One of the funniest races was the satchel race wherein the contestants were each given a satchel containing some sort of clothing. On reaching the goal with the satchel, the runners were obliged to stop, don the contents of his satchel and return to the starting point. Those who entered this race were the Rev. G. M. Cranston, Abram Kaplan, Waver Hyatt, George Miller, Frank Hyatt, Willis Rider, Chester Weeks. The race was won by Chester Weeks and Willis Rider. The games closed with a baseball game that was indeed exciting, played between the Trinity nine and the winners of the Clinton Avenue Church. The Trinity nine won by a score of 7 to 6, their pitcher being Dick Williams and their catcher, H. Cism, while the pitcher for the winners was A. Davis and the catcher, A. Merendahl.

And now a word about the park, which for so many, many years has been well and fondly known as "Joy's Woods." Within ten minutes' walk of the uptown post office, this bit of woods has long been the Mecca of countless nature lovers, and especially bird lovers. Here were to be found much of the unusual geological outcroppings of rock that are seen at Lake Mohonk. In the heart of the woods, ledges of these rocks form a great natural stage or platform, which in earlier days was fringed with the hepaticas and wild flowers and rock ferns of the early spring days. Great straight, tall hemlocks, pines, elms and maples give a cathedral-like effect to the woods, which slope off into a mossy dell where the rare "travelling fern" is still to be found. Clambering up through miniature quarries of lime stone and conglomerate, "All along in archin' benders," the barberry hangs its strings of golden flowers, as the wanderers from under the cover of the tall trees at the rear of the present park land. Here in the proper season, flocks of the seldom seen purple finches have been found again and again, while the entire place has been, almost throughout the entire year, vocal with the songs of birds, not often found so near the homes of men.

While the change of this wooded beauty spot to a public park, will doubtless mean a decided lessening of the songs of shy birds, the voices of little children, of older boys and girls and the presence of careworn men and women will rise up an even sweeter chorus to the lofty reaches of the high arches of the columnar trees. Cleared of practically all undergrowth in the main woods, many swings have been hung and hung high, so that the children Wednesday seemed almost like great birds themselves as they swept up and up. Seats are placed all about at vantage points, and the woods seem even larger than they are as the sunshine filters through between the tree trunks. The platform for the musicians is well placed. The athletic field, where formerly many a boy lost his game of baseball because caught "pecking" apples in the nearby orchard, is now overlooked on the one side by that orchard, and on the other by the moss and earth-covered ledges of rock, forming a natural "grand stand," which needs only a little protection of wire screening to be ideal in every way. While there will be many people who will indeed regret the passing of "Joy's Woods," the very same seeming unusually appropriate, even they must rejoice in that so many, many more of Kingston's children, young and old, will now learn to know and enjoy this ideal grove.

A Church Census.
Two hundred and twenty thousand American churches served as auditoriums for 170,000 clergymen during 1914. The congregations are estimated to have totaled 40,000,000.

HISTORIC WOOD.

Now Used as Croquet Set by Local Resident.

A Clinton Avenue resident prides himself upon having some historic wood which has had its share in the history of the nation. This wood he has adapted to a novel purpose. Being somewhat addicted to the game of croquet, in which at times friendly contests are enjoyed with friends upon his lawn, he uses a set of home made mallets and balls that are in many respects superior to those found in the general market. These mallets and balls he made himself many years ago, and they are of dogwood, very hard and light. But the mallet handles are of ash grown in the state of Kentucky in the early part of the last century. These handles were presented to him many years ago from the estate of the late General Joseph S. Smith. They were used as marching canes in the campaign of Henry Clay for president of the United States in 1832, and probably made from wood grown upon his estate there. They are very straight-grained and light and very nicely turned. This would seem to indicate that a Henry Clay marching club was in existence here at that time, as General Smith had a large stock of these canes, and he was a leading member of the Whig party in this section and one of the most progressive men in the Hudson river valley to whom Kingston will ever be indebted for its early development.

CONCERT WELL ATTENDED.

Large Crowd Heard Good Music at Academy Green.

One of the largest crowds that have assembled for a public event in this city for some time past congregated at the Kingston Academy triangle last evening to enjoy the concert given by the Colonial City Band under the patronage of the principal public spirited merchants of the city.

The band was seated on the porch of the academy which was decked with electric lights for the advantage of the musicians.

The crowd lined the fence along the Albany avenue, Clinton avenue and the Maiden Lane sides of the triangle while automobiles were parked along the Albany avenue and Clinton avenue sides of the green. A number of the crowd nestled up close to the porch while others squatted here and there on the grass about the lawn.

The program was made up mostly of airs which struck great favor with the crowds and here and there a live couple started to dance on the lawn. There were also several selections from the musical comedies which made big hits in New York and other large cities last winter. The concert was closed with the playing of the Star Spangled Banner.

The concert was certainly enjoyed by all in the vast audience who are anxiously waiting for the next one, which is scheduled for the near future.

ATWOOD.

Atwood, Aug. 26.—Mr. and Mrs. Fred Markle of Lake Mohonk called on Mr. and Mrs. Simon DuBois Sunday last.

Lawrence Markle of Brooklyn is on a two weeks' visit at his mother's this summer.

William Jeremson is working for Elmer Palen.

Mr. and Mrs. Lawrence Markle spent Sunday last at H. H. Markle's.

Mrs. H. H. Markle and Miss Florence Krom and Mrs. Lawrence Markle were to Stone Ridge one day this week.

Mr. and Mrs. Charles Smith and Mr. and Mrs. Christian Sickles were to Kingston Saturday last.

HIGHLAND.

Highland, Aug. 26.—Mrs. Norbet Schultz of Poughkeepsie was in this place Tuesday to help celebrate Glad Day. Before her marriage she was the popular reporter for the Evening Star.

Mr. and Mrs. J. W. Feeter had guests Tuesday.

Mr. and Mrs. Edward Miller entertained friends from Kingston this week.

Mr. and Mrs. Zophar Terwilliger had a guest from out of town Tuesday.

Mr. and Mrs. F. L. Palmer entertained a few friends Tuesday in honor of Glad Day.

We hear Mr. Metcalf has sold his property located on White street to a relative.

Highland reporter of The Freeman has returned from a short vacation and arrived in time to see the beautiful display of patriotism and parade of everyone so interested in the betterment of Highland.

Mrs. Harper and Mrs. Simondorf of Clintondale were guests this week of Mr. and Mrs. George Cornell on White street.

Miss Frances Roberts motored to New Paltz last Monday afternoon. People from here can now feel safe when out on motor trips through the Berkshires and other places of renown, for the ferry now has made it possible for all to return late, leaving Poughkeepsie at 10 p. m. People here and through the surrounding country are grateful to the ferry company for this favor.

Mrs. L. K. Malloch and Mrs. L. Bruyn of Grand street have had as their guests the past week Mr. and Mrs. Albert Langdon of New Rochelle.

Mrs. H. Mackey of New Jersey is a visitor with Mr. and Mrs. Van Warner on Milton avenue.

Mrs. F. L. Palmer has returned from a vacation trip to Delaware Water Gap and Miss L. Palmer from a pleasure trip of over a week at Asbury Park and Ocean Grove.

Mrs. J. C. Dedrick and Mrs. Henry Hovet of Maple avenue have been on a motor trip through Maine and several other places this week.

Mrs. J. P. Whitley and daughter, Ruth, have returned from a week spent with relatives in Albany.

Rev. and Mrs. J. C. Coddington and children left Tuesday at the close of Glad Day for their vacation. They are to be absent over a week.

Mrs. W. E. Wilcox has been spending some time in Ocean Grove. She enjoyed the change and had a most delightful outing.

Mr. and Mrs. Philip Wilklow had a few friends in for the evening on Monday and all had a very pleasant time.

GARDEN CARE
If you want your country place to look proud and attractive you must be sure that the gardener knows his business. Getting the right sort of a man to care for the garden is not always an easy task, at least for those who do not know of the value of the Want Ads.

The best gardeners are those who ask for work among the ads in the Want Columns and the most particular employers, as well as those who pay the largest wages, are those who seek their employees by looking carefully among the ads in the Want Columns.

Get busy with the Want Ads at once, Mr. Gardener, and you will soon have a permanent place which will pay you well.

Boilers
Find Out About This Boiler Before You Decide
Go a little slow. The wrong boiler is a horrible thing to have in your cellar. It makes so many uncomfortable. It may even prove profitable. One thing it certainly does do, and that is: digs into your pocketbook to keep it fed up on the coal it needs. Now it's easy enough to claim that this Kingstonian Boiler burns less coal than any other. But to prove it, is quite another thing. It's this very quite-another-thing that we want the chance to prove to you. Will you give us that chance?

REVIEWS WORK OF ADMINISTRATION

Mayor Canfield reviewed the administration of city affairs since he has been the city's chief executive when he was called before the Republican city convention at the court house this afternoon and accepted the Republican designation for primary designation for mayor.

Mayor Canfield said:

Mr. Chairman and Delegates:

When one has held office for two years and comes up before the voters for their approval or disapproval, his record must be his platform.

In analyzing and considering and weighing the qualities, acts and performances of a municipal administration, it is well and it is right that every one should chalk up to its credit and in its favor not only its positive accomplishments, but also its negative achievements. It should be given the mark of approval for all proper and good things accomplished. It should also be labeled with the non-existence of all improper and municipally evil things. It should be thanked for the presence and existence of that which should be present as a part of the municipal administration; and, likewise, for the non-existence and the elimination of that which should not be present.

Without any fear of being charged with flattery, and without any fear of being justly contradicted, I can sincerely and truthfully state that the present administration of the city of Kingston has been characterized by good positive results and by good negative results. During the entire administration the house of municipal scandal has been untenanted and unoccupied. During that time the room of graft has been a void and a vacuum. The room of extravagance has been vacant and empty. The doors of disorganization and inefficiency have been kept locked and barred. No longer are these things welcome at the city hall. They have been starved out until they are non-existent and no more. There has been no corruption. There has been nothing to mar or spoil its record. There has been no suggestion of taint or political or municipal discoloration. In other words, the present administration has been one of negotiation and of absence of municipal demoralizing frailties and failings. When any administration has done this, it has rendered unto the people one-half of that which is possible to be rendered.

The people, however, have the political right to inquire of a candidate who has held office the further question as to whether his term has been productive of fairly good and good results. We welcome the submission of that question to us. Everyone must admit that they have had an honest administration. All must confess that they have had a dignified administration as far as the mayor and his appointees have been concerned. All who are not prejudiced will agree that there has been a maximum degree of fair and square treatment to all, and no one can gainsay that that all "extras" have been eliminated.

At the beginning of the term of the present administration, the city was partially broken down. It stood face to face with acts deficient in high regard for the financial interests of the city. It was in a position at the start where it would soon have to suspend work, or suspend payment or borrow. In certain ways it was saddled with things. In certain ways it was bound and tied and shackled. No one will deny but that this condition was met with energy, force, vigor and wholesome activity. The opposition invaded the administration and kept it under an irritating high pressure. The administration was not permitted to enjoy any forty winks of comfort even when deserved or needed. However, it shaped its course and pursued it unwearied and untiringly. It employed itself with zeal, devotion and industry, piled its task with vigilance and diligence. It pushed forward and went ahead in a business like way, painstakingly and perseveringly overcoming all obstructions. It put into motion and successfully carried into execution its main plans for the welfare of the city and the people.

After two charges upon the state legislature and the common council, the city charter was amended and

revised. Many beneficial and much needed changes were made. With the new charter in operation next year the city will be on a much higher business plane. One whole some change provided for is that of a change in the fiscal year. The fiscal year heretofore has begun on December first and ended on November thirtieth. Under the new charter it will correspond with the calendar year and will begin on January first and end on December thirtieth. With this change, the budget will be made up by the administration in office in December, but it will be passed upon, and if necessary, revised, by the administration in power in January. This will mark the death of the old disease of municipal budget insufficiency by making it practically obligatory for the going out administration to provide the incoming administration with sufficient funds to operate the municipal machinery during the next year.

Another change that must be appreciated in the future is the payment of taxes in two installments, the school taxes being made payable in August and all other taxes becoming due in February. This change will cause the taxpayers to pay about two-thirds of their taxes in February and the remaining one-third in August, instead of paying it all in January. This must tend to somewhat relieve and lessen the tax pressure and burden. It will also cure the evil now existing of the board of education being compelled to borrow fifty to sixty thousand dollars each year at six per cent interest beginning August first, and will also remedy other conditions that had to be remedied.

Another change of vast importance is the creation of a board of public works to consist of the mayor and four members to be appointed by the mayor, the term of one of the members expiring each year. Beginning January first this board will have complete control of the streets, sewers, parks and public lighting. This plan marks a great advance over our existing system of having those municipal functions exercised by the common council.

Another welcome change is the election of an alderman at large by the people of the city at large, who will preside over the common council and become acting mayor in case of his absence or resignation. This will permit the people to say with their ballot whom they desire to be mayor in case of a vacancy in that office. It will prevent any further trouble over the selection of the presiding officer of the common council.

There are other favorable and important changes that will increase the efficiency of future administrations and cause the municipal machinery of the city to run more smoothly and more systematically. The government or charter is just as important to the city as the constitution is to the state. The possible efficiency of the city depends partly upon its charter. We have improved the charter vastly and have thereby increased the possible efficiency of the city officials.

We can proudly point to our other accomplishments, but we will only attempt to mention a few at this time. All of our city boards have made wonderful strides toward the heights of betterment. The health board has been unusually active to guard and protect the health of the public. A new, up to date sanitary code, involving much work and labor, has supplanted an old, antiquated code. The police department has been advanced to a position where it equals the police force and equipment of almost any third class city. The efficiency of the fire department has been increased at last fifty per cent. The charities board has never been in a better condition. The members of all boards are exhibiting a wonderful devotion to civic duty. The city officials have done their work without any mismanagement and in a highly satisfactory manner. The street department has been unusually active and the streets were never in better condition, considering the weather conditions. Much needed improvements to the inside of the city hall have been made; notably the police headquarters, the lockup, the common council chamber and the mayor's room. When we took up the reins of city government, there were holes in the roof of the city hall as large as one's fist.

The city house is in a condition exceeding that of any previous time. The fire stations have also been placed in a first class condition. All buildings under our jurisdiction are in an excellent condition. At the beginning of our administration we were weighed down with a public lighting contract which increased the cost of lighting the city more than \$20,000 per year. Upon making a complaint to the public service commission, however, I secured a reduction of five dollars per acre light which will save the city \$2,500 each year during the ten years life of the contract. I also obtained a reduction of more than one-sixth on all charges and bills of less than \$5.50 per month for residential and commercial electric lighting. The old rate was 15 cents gross of 13 1/2 cents net per kilowatt hour and the new rate is 11 cents net per kilowatt hour for the first fifty kilowatt hours used per month. This reduction also applies to the towns of Ulster, Hurley and Esopus. The insurance rates were decreased in the city causing a saving of about \$10,000 per year to the property owners. I prepared an amortization table and plan for uniform and equal payment of all municipal bills. Introduction of a state legislature and examine them to ascertain if there is anything contained therein that will directly or indirectly affect or be detrimental to Kingston. He must keep in touch with the principal utility and municipal organizations of the country. He must make himself acquainted with the forms of government and the activities of the cities of this state and of the principal cities of the country. He must waste through municipal magazines and literature. He must take the lead in preparing a code of ordinances for the board of public works governing the streets, sewers, parks and public lighting, which will involve time and arduous labor and will require a trained and discriminating mind. He must expect to answer in connection with the duties of his office about five thousand telephone calls; receive and investigate or have investigated about six thousand complaints and requests of every kind and nature; give audiences to about three thousand callers; make about two hundred speeches or addresses as the representative of the city; write and answer about three thousand letters; and devote not less than forty hours per week of his time to the duties of the office. He must have a maximum amount of patience, tactfulness, toleration and consideration.

correspond with the calendar year, makes it necessary for the taxpayers to provide funds for the city in the 1916 budget for an additional month. This means, of course, that provision in the next budget will have to be made for sufficient funds to pay the salaries of the paid city officials and of the street employees and of the policemen and other help and employees, and for the cost of public lighting and for the general supplies and expenses of the city, for thirteen months instead of twelve months. This change may add as much as thirty thousand dollars to the next budget. Besides this the city must pay refunding bonds coming due next year as an additional burden coming to us from former years and other additional expenses which will probably amount in all to about forty thousand dollars. However, according to the best estimate that can be made at this time with the assistance of city officials, the total city budget for all city purposes for next year, will be many thousands of dollars less than the present year with a correspondingly lower city rate. In fact, the city rate will probably be very little more than was the city rate of our nearest sister city this past year, the assessed valuation of which is sixty per cent greater than Kingston, and which rate was widely published as a very low city rate. Of course, the state and county tax, over which I have no control, may possibly be very heavy this coming year, and if it should be, our total rate for all purposes would be affected thereby accordingly.

These things which I have enumerated are only a part of the results obtained by placing the present administration in office two years ago. On the whole we believe that we present a record which all can approve without sipping our administration. We have now had the opportunity to familiarize ourselves with the problems confronting the city and are in a much better position to continue forward along the road of accomplishment than some one of little or no experience in the government of our city.

The job of mayor has become a huge task. There has been a wonderful awakening in the last few years in municipal affairs. He who shall be mayor of the city of Kingston during the next two years, if he is to be a successful and wide-awake mayor must do many things and be many things. Among other things, he must obtain a synopsis of all municipal bills introduced in the state legislature and examine them to ascertain if there is anything contained therein that will directly or indirectly affect or be detrimental to Kingston. He must keep in touch with the principal utility and municipal organizations of the country. He must make himself acquainted with the forms of government and the activities of the cities of this state and of the principal cities of the country. He must waste through municipal magazines and literature. He must take the lead in preparing a code of ordinances for the board of public works governing the streets, sewers, parks and public lighting, which will involve time and arduous labor and will require a trained and discriminating mind. He must expect to answer in connection with the duties of his office about five thousand telephone calls; receive and investigate or have investigated about six thousand complaints and requests of every kind and nature; give audiences to about three thousand callers; make about two hundred speeches or addresses as the representative of the city; write and answer about three thousand letters; and devote not less than forty hours per week of his time to the duties of the office. He must have a maximum amount of patience, tactfulness, toleration and consideration.

position. He must be superior to politics. He must have the ability to analyze complex conditions. He must have a wide vision. He must be able to adjust his reasoning faculty to municipal work which is sometimes drudgery. To satisfy the people he must achieve the best results through the wisest methods and by the strongest forces. He must be brave enough to refuse to make improper pledges, and big enough to change his opinion when convinced that he is wrong. He must, above all, be an honest, intelligent man with loyalty to good government in his heart and independence in his mind.

Although almost impossible, I have tried to live up to this municipal creed during the past two years, and if the voters of 1915 re-elect me, I will continue to tackle the job with resolution and determination.

MENKE'S DAILY SPORTING LETTER

(By Frank G. Menke.)

New York, Aug. 26.—Leachie Cross, the lightweight, and Sammy Wallach, his brother-manager had a narrow escape from death by shock.

Somebody announced a few weeks ago that Leachie had retired from the prize ring and in future would devote all his time to the molar jerking business. When Leachie and Brother Sam got the papers and read what the papers said the shock was so terrific that for a time it was feared neither would recover.

At last however, Brother Sam, the manager of Leachie, revived sufficiently to waddle to a telephone and frantically inform all sporting editors that the announcement of Leachie's retirement was a bald faced lie—a dastardly plot—the work of a thief in the night—a crime without parallel in history.

"It's awful—perfectly awful," he spoke Sammie. "To think of it—Leachie to quite the ring? Leachie with many years of fighting still in his system!"

"Who circulated the report?" Sammie was asked.

"Who did? How should I know? All I know is that whoever did it did it with malicious intent and malice aforethought. It was done so the fight club managers no longer would offer fights for Leachie and thusly deprive Leachie from making lots more money in the prize ring. That's why it was done—and it was a dastardly plot!"

Whereupon, Sammie hung up the telephone receiver, disconnected and then got himself connected with a few fight clubs and promptly matched up Leachie for several bouts at guaranteed sizeable enough to bank quite a lot and still leave enough to pay his energetic brother-manager his "bit."

Ring Warriors Must Be Born? One of our fellow scribes announces that prize fighters cannot be made—that they must be born. And then he points out Al Reich and Joe Kivers as examples that back up his argument.

Reich is a heavyweight. He has the physique, stamina, the punch and a fair defense. But he hasn't the fighting heart. He can't take punishment, and keep on coming for more.

Rivers against men who are his inferiors shows up like a world beater. But against good men—men who can maul him and beat him—he is an entirely different person. Beatings take the heart and the spirit out of him.

But Nelson looms up as the real type of a born fighter. Bat never fought a real fight during which he didn't take enough punishment to send an ordinary fighter to the hospital. But the beatings never discouraged him. He kept on coming—they landed—boring, ever boring.

And Bat, never a skilled boxer, never a real puncher, became the lightweight champion of the world—because he had the fighting heart.

An Old Sharkey Story.

Somewhere in the long ago we read one of the many stories that had to do with miserliness of Tom Sharkey, the "war horse" of the ring. In the less recent days of pugilism. It was revived the other day, although the revolver made a local citizen the hero—or villain—of the yarn.

The original yarn ran this way: Sharkey and a friend were walking along Fourteenth street in New York one night when a human derelict blocked their path.

"Say, bo," he said to Sharkey. "I'm down and out. Will you give me ten cents for a bed?"

"Let's see the bed," asked the cautious Sharkey.

Heat Thins Fight Crowds.

The weather has been so torrid in New York during the last month that the fight clubs who have been running indoor shows have been, for the most part, operating at a loss.

The fans won't turn out in numbers, nor will they pay any fancy prices to sit in a stifling room to watch youths swap punches and some of the clubs have decided that hereafter they will close their doors about the first of June and keep them closed until after Labor Day.

OUR DAILY PATTERN.

1315.—A Popular Simple Design.—Girls' Middy Blouse With Skirt Attached to a Separate Waist.

Embroidered and plain voile are here combined. This model is good for all wash materials. It may be made with the fullness of the blouse "belted in," or in loose style. The sleeve may be finished in wrist or elbow length. The skirt has plaited fullness in front and is attached to an underwaist that may be of lawn or lining. Gingham, chambray, lawn, voile, linen, organdie, crepe, seersucker or batiste, are all nice for this model. The pattern is cut in 4 sizes: 6, 8, 10 and 12 years. It will require 3 yards of 44 inch material for a 10 year size.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state the size wanted.

FEDS OFFER TY COBB \$100,000 BAIT.

Tyrus Raymond Cobb, the "Georgia Peach," has been offered \$100,000 to sign a three year contract with the Federal League to play with the club which the new organization will place in New York city next year. Of this amount \$50,000 will be paid as soon as he signs the contract and the balance will be spread over the three years.

Cobb's contract with the Detroit Tigers has three more years to run and it is understood to be one of the "iron clad" variety, but it is reported that Cobb is considering the matter of jumping seriously. Cobb's salary with the Detroit club is said to be \$17,500 a year.

Picture shows Cobb going after a "high one."

TILLSON.

Tillson, Aug. 26.—Don't forget the date of the clambake, Friday, August 27.

Fire was discovered in the house of A. Kreisig Tuesday evening at about 7 o'clock. The house would have burned to the ground had it not been for the timely arrival of the neighbors who quickly put it out. The fire was confined to the kitchen and the furniture was ruined. He recently purchased the property of J. E. Hardenburg.

Miss Vivian Harms was given a surprise last Friday evening by the

following friends: The Misses Minnie, Kate Miller, Vera Brooks, Celia Deput, Myrtle Avery, Helen Krom, Valerie Mittlestaedt, and the Messrs. George Newkirk, George Dunn, Adolf Mittlestaedt, David Mosher, Albert Zigrosser, Henry Krenper, George Krenper, Clarence Pivo, Kenneth Clarke and Henry Myers. All had a fine time.

Mr. Mosher of Rifton moved his family in the house of Silas Freer, which was vacated by Mrs. Van Ostrand.

Henry Berg is visiting friends here. Mrs. H. D. Craig and niece, Gladys Christiana, are visiting friends in Cornwall.

Mrs. Weston Clark and Mrs. Roy Clark spent Wednesday in Kingston.

Miss Melvena Davis visited her friend, Miss Minerva Paris, at Walden. Miss Paris accompanied her

back Saturday and returned home Monday.

Miss Bulah Youngs is spending some time in Wallkill.

Henry Berg and Harold Van Ostrand were trout fishing Wednesday morning.

Few turned out to the church's meeting in the Reformer Church on Tuesday evening.

A party from this place enjoyed a trip to Lake Mohonk Tuesday.

PRINCE ALBERT

the national joy smoke

PAINT this little picture on your mind, then beat it quick-cross-lots for some Prince Albert tobacco, because you need it in your smokings!

Talk about putting the hush on that tobacco hankering! Prince Albert just purrs pleasure on your tongue as you draw in the cool smoke from a jimmy pipe or makin's cigarette! The patented process fixes that and muffles the bite and parch!

So you cast past smoking memories into the discard and draw cards via Prince Albert, for you'll trump tricks on every show down when you fire up this national joy smoke!

Such jimmy pipe tobacco, such makin's

tobacco, never did come into your taste-zone before! Such flavor, and coolness, and fragrance; such mellowness! Why, men, P. A.'s so good you call it by its first name like you were brought up in the same house!

And you just go on smoking Prince Albert day-in, day-out, because it's so good and friendly and cheerful to the tenderest tongue! And nail this: You will find P. A., jammed in a jimmy pipe or rolled into a makin's cigarette, better than the most cheerful word we ever printed about it!

Buy Prince Albert everywhere tobacco is sold. Tappy red bags (handy for cigarette smokers), 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that classy pound crystal-glass humidors with the sponge-moistener top that keeps the tobacco so slick!

MENKE'S DAILY SPORTING LETTER

(By Frank G. Menke.)

New York, Aug. 26.—Leachie Cross, the lightweight, and Sammy Wallach, his brother-manager had a narrow escape from death by shock.

Somebody announced a few weeks ago that Leachie had retired from the prize ring and in future would devote all his time to the molar jerking business. When Leachie and Brother Sam got the papers and read what the papers said the shock was so terrific that for a time it was feared neither would recover.

At last however, Brother Sam, the manager of Leachie, revived sufficiently to waddle to a telephone and frantically inform all sporting editors that the announcement of Leachie's retirement was a bald faced lie—a dastardly plot—the work of a thief in the night—a crime without parallel in history.

"It's awful—perfectly awful," he spoke Sammie. "To think of it—Leachie to quite the ring? Leachie with many years of fighting still in his system!"

"Who circulated the report?" Sammie was asked.

"Who did? How should I know? All I know is that whoever did it did it with malicious intent and malice aforethought. It was done so the fight club managers no longer would offer fights for Leachie, and thusly deprive Leachie from making lots more money in the prize ring. That's why it was done—and it was a dastardly plot."

Whereupon, Sammie hung up the telephone receiver, disconnected and then got himself connected with a few fight clubs and promptly matched up Leachie for several bouts at guaranteed prize money to bank quite a lot and still leave enough to pay his energetic brother-manager his "bit."

Ring Warriors Must Be Born?

One of our fellow scribes announces that prize fighters cannot be made—that they must be born. And then he points out Al Reich and Joe Kivers as examples that back up his argument.

But the beatings never discouraged him. He kept on coming—boring in, taking punches wherever they landed—boring, ever boring.

And Pat, never a skilled boxer, never a real puncher, became the lightweight champion of the world—because he had the fighting heart.

An Old Sharkey Story.

Somewhere in the long ago we read one of the many stories that had to do with misbehavior of Tom Sharkey, the "war horse" of the ring in the less recent days of pugilism. It was revived the other day, although the revival made a local citizen the hero or villain—of the yarn.

The original yarn ran this way: Sharkey and a friend were walking along Fourteenth street in New York one night when a human derelict blocked their path.

FEDS OFFER TY. COBB \$100,000 BAIT.

Tyrus Raymond Cobb, the "Georgia Peach," has been offered \$100,000 to sign a three year contract with the Federal League to play with the club which the new organization will place in New York city next year. Of this amount \$50,000 will be paid as soon as he signs the contract and the balance will be spread over the three years.

Cobb's contract with the Detroit Tigers has three more years to run and it is understood to be one of the "iron clad" variety, but it is reported that Cobb is considering the matter of jumping seriously. Cobb's salary with the Detroit club is said to be \$17,500 a year.

Picture shows Cobb going after a "high one."

TILLSON.

Tillson, Aug. 26.—Don't forget the date of the clambake, Friday, August 27.

Fire was discovered in the house of A. Kreisig Tuesday evening at about 7 o'clock. The house would have burned to the ground had it not been for the timely arrival of the neighbors who quickly put it out. The fire was confined to the kitchen and the furniture was ruined. He recently purchased the property of J. E. Hardenburg.

Miss Vivian Harms was given a friend, Miss Minerva Paris, at Walsurprise last Friday evening by the den. Miss Paris accompanied her

PRINCE ALBERT
the national joy smoke

PAINT this little picture on your mind, then beat it quick-cross-lots for some Prince Albert tobacco, because you need it in your smokings!

Talk about putting the hush on that tobacco hankering! Prince Albert just purrs pleasure on your tongue as you draw in the cool smoke from a jimmy pipe or makin's cigarette! The patented process fixes that and muffles the bite and parch!

So you cast past smoking memories into the discard and draw cards via Prince Albert, for you'll trump tricks on every show down when you fire up this national joy smoke!

Such jimmy pipe tobacco, such makin's

tobacco, never did come into your taste-zone before! Such flavor, and coolness, and fragrance; such mellowness! Why, men, P. A.'s so good you call it by its first name like you were brought up in the same house!

And you just go on smoking Prince Albert day-in, day-out, because it's so good and friendly and cheerful to the tenderest tongue! And nail this: You will find P. A., jammed in a jimmy pipe or rolled into a makin's cigarette, better than the most cheerful word we ever printed about it!

Buy Prince Albert everywhere tobacco is sold. Topy red bags (handy for cigarette smokers), 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that classy pound crystal glass humidur with the sponge-moistener top that keeps the tobacco so slick!
